TRASH MYSTICISM

The design of the Firefox logo is based on a primordial magical symbol: the ouroboros - a serpent that eats its own tail and symbolizes cyclicality.

The shape of the dolphin emoji is based on the modern yin yang symbol. By the way the WiFi sign references the yin yang as well and with it the yin yang's meaning of interconnectedness.

The monarch butterfly symbolizes the mind control program Project Monarch. Trauma based mind control fragmentizes the mind - in this case a form of bondage that makes the legs of the victim flap like the wings of a butterfly. The pattern of the monarch butterfly represents the victim's scattered mind.

Project Monarch was allegedly developed within the CIA's MKUltra mind control experiments in the early 1950ties.
